

Second Grade Newsletter

● Learning Spot ●

Reading-

We will begin our final reading unit of the year next week. We are going to review important reading skills necessary to read and comprehend nonfiction texts. Next week our focus will be on learning vocabulary and identifying the main idea and key details of the text.

Math-

In math, we will continue to study measurement. We will be moving into Chapter 9 in our math textbooks to learn about metric measurement. Our test will not take place until the following week.

Writing-

We will be writing poetry next week in writing. We'll use what we've learned about reading poetry and rhymes to help us write our very own poems.

Science-

We will continue to learn about plants and animals.

End of the Year Assessments-

We will be giving some important end of the year assessments over the next few weeks. Please remind your child that these tests are important to help us see what they've learned this year. We're almost there! 😊

● FIELD TRIP ●

On this Monday, May 1st we will be spending the day at Butler University. Please be sure to send in a labeled sack lunch and drink with your child's name. We will be doing some walking around campus, so please be sure they have comfortable walking shoes and are dressed for the weather. We'll leave school by 8:30 A.M. and return around 2:00 P.M.

● Homework Schedule ●
