School Safety

In order to maintain a safe learning environment, staff and students are expected to wear their photo badge ALL day, EVERY day on the school issued lanyard. Photo identification cards and lanyards have been distributed to students this week. Students who were absent on school picture day will be issued a photo identification card after picture retakes are completed. Students will need their badges for both morning and afternoon bus transportation as well. Please be sure to have your child wear his/her badge EVERY DAY.

Students are responsible for their ID's. If one is missing or lost, the replacement cost is \$5.00 for the photo ID to be reprinted and \$1.00 for the lanyard to be replaced. Those may be purchased from the front office.

School safety procedures can sometimes seem inconvenient. However, a little inconvenience to keep our students safe is worth it. We thank you for your support as we continue to protect the health and welfare of our students.

Mrs. Cris McCoy
Principal, SCES
